

POWER BOARD

PREMIUM BENCH TOP POWER SOLUTION

Add flexibility to your workspace. Brilliant's innovative Power Board is designed to meet today's demands for readily available power. When not in use, push the Power Board down for a clean and stylish look. This easy to install pull up/push down design is a safe alternative to exposed electrical sockets. Use in the kitchen to connect appliances, on your desk to charge your laptop and/or other devices or in the workshop for power tools.

Power Board provides 3x Australian standard power points which can easily be hidden or pulled up when needed. It also features a separately switched 2x USB2 charging ports providing 2.1amps of power at 5V capable of charging smart phones, tablets, mp3 and music players, GoPros, Digital Cameras, and many other devices that require charging through USB.

FEATURES

- Pull-up/push down design.
- 3 x Australian standard power sockets.
- 2 x Separately switched USB2 outlets (2100mA Max).
