

VINTAGE FILAMENT

ANTIQUÉ STYLE GLOBES

Suspension kits for illustrative purposes only.

240v

25W max

Lifespan: Up to 1000 hours

Preserve the look of early 20th-century lighting by incorporating one of Brilliant's vintage filament globes to your light fixture. Our antique-style globes add a bright warm glow to any vintage or contemporary decor.

A60: An intricate quad loop tungsten filament design globe.

G95/G125: These Edison inspired globes are a favorite with their glowing cage-shaped filament surrounding a central glass support.

T9: A long single tungsten filament loop suspended along a central glass support in a long tubular shape gives this globe a distinctive look.

ST18: The circa 1912 design is a favorite with its glowing cage-shaped tungsten filament surrounding a central glass support, which burns three times brighter than its carbon filament precursors. A popular choice for exposed socket pendants, sconces and chandeliers.
