

Red Spot BS Fuse Holder

Features and Benefits

- Industry standard fuse holder addresses many application needs.
- Fully shrouded for greater safety.
- Most comprehensive range available to meet the majority of applications.
- High resistance body material helps ensure high dielectric strength.
- Extremely reliable contact system for superior electrical conductivity.

Specifications

Agency Information:

BS88 and IEC 60269

Rated Voltage:

690Vac (BS88 and IEC 60269)

Rated Current:

20 to 400A

Terminal Conductor Range:

10 to 240mm²

Maximum Ambient Operating Temperature:

40°C

Protection Index:

IP20

Packaging:

20 to 63A: 10 per pack

100A: 5 per pack

200 and 400A: 1 per pack
