

CJS-AML SHEAR BOLT Mechanical Lugs

Feature & Benefits:

- Wide application range
- Compact design requires little installation space.
- Suitable for both Copper and Aluminium Cables
- Can be used for both Solid and Stranded cables.
- Torque-controlled shear-head bolts guarantee a good electrical contact.
- Easy installation with standard socket spanner.
- Pre-engineered design for perfect fit in medium voltage cable accessories up to 42 kV.
- Lugs are suitable for outdoor and indoor applications and are available with different palm hole sizes.
- Connector and lug bodies are made of a high-tensile, tin-plated aluminium alloy.
