

## IP55 MOTOR

The motor is rated and certified to perform in environments where moisture and direct water exposure occurs.

The Heavy Duty Washdown Fans are the perfect solution for moving air in work areas where strict hygiene requirements exist. This includes food and beverage processing facilities, kitchens, hospitals and other clean, corrosive or humid environments.

- Can withstand direct water exposure, making them perfect for areas where thorough cleaning is needed to meet strict hygiene requirements.
- Blades and motor are carefully matched to maximise performance and efficiency.
- Full stainless steel construction for excellent corrosion resistance.
- Made in the USA ensures reliable performance in work areas with strict hygiene requirements.
- Includes a wall mounting bracket that allows the fan to tilt up by 45° and left/right by 180°.
- Three Phase models can be speed controlled using a VSD.

## SINGLE PHASE MODELS

MODEL	24CFO-SWDS-1-WM	30CFO-SWDS-1-WM
DIAMETER	24"/610mm	30"/762mm
MOTOR	0.37kW	
IP RATING	IP55	
POWER SUPPLY	240V	
AMPS	3.3	
RPM	935	
WEIGHT	22kg	25kg
M <sup>3</sup> /HR	10,442*	17,430*

## THREE PHASE MODELS

MODEL	24CFO-SWDS-3-WM	30CFO-SWDS-3-WM
DIAMETER	24"/610mm	30"/762mm
MOTOR	0.37kW	
IP RATING	IP55	
POWER SUPPLY	415V	
AMPS	0.8	
RPM	1440	
WEIGHT	23.6kg	27.2kg
M <sup>3</sup> /HR	11,689*	17,066*
SPEED CONTROL	VSD
