Hager new product release

Dear Valued Customer,
I am pleased to announce the release of the following products:

New - EZF100 – Off-Delay timer.

- **EZF100** replaces the EZN002 which is now obsolete.

New - EZL100 – Emergency light tester timer.

- **EZL100** and **EZN004** are both available to order.

Please note:

See below the full range of EZx100 is now available:

Delay Time Switches - DIN Mount

Width	Current Range	New Range
1 mod	× EZN001	→ ★ EZD100
1 mod	× EZN002	→ ★ EZF100
1 mod	× EZN004	→ ★ EZL100
1 mod	× EZN003 × EZN005 × EZN006	→ ★ EZM100

New - KCL368L - Three Phase Vertical Busbar.

The **KCL368L** is a three row 125mm spaced, three phase, vertical busbar, rated at 63Amp.

KCL368L is a three-phase cable replacement device, it saves space, time and reduces conductor stress and bend radius issues present with cables.

It is designed to be used in conjunction with our KDN380A/G horizontal busbars and our Onekonekt modular protection devices to distribute three-phase power easily, quickly, and safely inside Hager Golf and Vector* two-row DIN enclosures (only compatible with *12M wide vector).
