

BLIND SNAKE RAPID PLUG BASE

Hands down the world's best plug base!

Introducing the world's fastest, simplest and totally tool-less install plug base from M-Elec...the **Blind Snake™**.

All you need are your two hands and it does the work incredibly quickly using our patented Fang™ technology to pierce the cable and securely make a connection - **No tools are required.**

Supporting both 1.5mm² and 2.5mm² TPS cable and including an optional termination end the Blind Snake™ is built to make the task of installation both simple and highly effective. Furthermore our **SAA** and **Global Mark** compliance means you can trust it to always deliver.

TOOL-LESS

No stripping cable and minimal impact to outer sheath.

RAPID

Average install time ranges between 3 - 8 seconds!

SAFE

Complies with the standards in both Australia and New Zealand.

Nominal voltage: 250VAC
Nominal current: 10A
Frequency range: 50 Hz
Cable Formats: 1.5mm ² and 2.5mm ² 2C+E with center earth
Dimensions: Length: 70mm Width: 74mm Height: 47mm

Recently awarded the prestigious international **Red Dot Award 2017** for innovation, the Blind Snake is being seen as the best designed and performing plug base on the market today - **hands down.**
