FEATURES

- ⚡ Allows for single person operation.
- ⚡ Perfect for wall cavities, suspended ceilings, and tight spaces.
- ⚡ Constructed from a non-conductive material that offers high tensile strength and exceptional durability.
- ⚡ Maintains straightness when uncoiled yet will bend in the desired direction.
- ⚡ Suitable for horizontal, corner, diagonal, top-down, and bottom-up wiring.
- ⚡ The glow-in-the-dark guide wheels are engineered to smoothly navigate over obstacles and sharp edges.
- ⚡ Includes a tail end for tying cable, guide wheel to navigate cavities and hook attachment for fishing cables.
