AND RETAIN FOR FUTURE REFERENCES.

! Electrical products can cause death or injury, or damage to property.
The Installation must be carried out by a qualified electrician.

Note:

Product technical information and specification may change over time
without prior notification. For the latest technical information please
visit our web site www.robust.com.au

-25°C < Ta < +45°C, 220-240V ~ 50/60Hz, Class I, IP65, 1.5kg
Luminaire is non-dimmable.

Installation

1. Ensure mains supply is switched off before commencing work.
2. Choose suitable location for mounting the luminaire.
3. Ensure that the area directly below is not obstructed by pipes, racking or structural building supports.
4. Screw eye hook into the hole on top of luminaire using the spring washer supplied.
6. Suspend the luminaire on the ceiling using a suitable hook.
7. Connect the plug to the socket.

Note: The light source of this luminaire is not replaceable;
when the light source reaches its end of life the whole luminaire
shall be replaced. If the external flexible cable or cord of this
luminaire is damaged, it shall be exclusively replaced by the
manufacturer or his service agent or a similar qualified person
in order to avoid a hazard.
